

# 100-foot solar-powered containers for urban lighting for sale

## Overview

---

What are solar lighting fixtures for shipping container?

Sun-In-One LED lighting fixtures for shipping container solar lighting kits provide you with enough light to get equipment or supplies out of the container, up to high-quality lighting, and allow you to use the shipping container as a workshop and have enough light to do fine detailed work.

What is a shipping container solar lighting kit?

Shipping Container Solar Lighting Kits provide lighting in shipping containers and storage areas with 2 days of battery technology for cloudy, rainy, or snowy days with 8 hours per day of run time.

Why do you need a solar container unit?

Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere. With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours.
