At Container One, we offer two convenient financing options to make owning a shipping container simple and accessible. Choose Clicklease for a fast and hassle-free process or opt for installment plans with payments up to 60 months. Both options feature quick approvals and no hard credit checks.

A 20ft shipping container can typically accommodate 6 to 12 solar panels, depending on panel size and mounting configuration. With six to twelve 300W panels, you can expect around 1.8 kWp to 3.6 kWp of power. For more compact setups or higher-efficiency panels (400W or more), up to 12 panels could.
