

# Abu Dhabi Industrial Energy Storage Cabinet Cooperation Model

## Overview

---

Will Masdar & EWEC build a solar-plus-storage project in Abu Dhabi?

Masdar and Emirates Water and Electricity Co. (EWEC) plan to build a \$6 billion, 5 GW/19 GWh solar-plus-storage project in Abu Dhabi, the United Arab Emirates, with operations set to start by 2027. Emirati state-owned renewable investment company Masdar is partnering with EWEC to build a giant solar and battery energy storage (BESS) facility.

Does EWEC have a large-scale solar project in Abu Dhabi?

EWEC has several large-scale solar projects in the region, including the 2 GW Al Dhafra solar project in Abu Dhabi. Earlier this month, it put out a request for proposals for 1.5 GW of solar.

What is Bess & how will it impact Abu Dhabi's energy network?

Deploying BESS will enhance the flexibility and stability of Abu Dhabi's energy network, allowing for the effective management of peak demand and integration of increasing amounts of renewable energy. It marks another milestone in EWEC's efforts to accelerate the energy transition to renewable and clean sources at scale and speed.

How to improve air quality in Abu Dhabi?

Electrification: Pursue increased electrification of transport and industry to reduce CO2 and wider GHG emissions to improve the air quality in Abu Dhabi. Solar Power: Pursue deployment of solar power generation to support a cost effective and sustainable future.

## Abu Dhabi Industrial Energy Storage Cabinet Cooperation Model
