

Bulk Procurement of Wind-Resistant Smart Photovoltaic Energy Storage Containers

Overview

Find RFP searches and finds Renewable energy bids, contracts, and request for proposals. Below is a sample search result showing the newly published government contracts and bids in renewable, solar and wind energy.

Find RFP searches and finds Renewable energy bids, contracts, and request for proposals. Below is a sample search result showing the newly published government contracts and bids in renewable, solar and wind energy.

Are you looking to streamline your solar and energy storage procurement process?

Established in 2014, SPURR's Renewable Energy Aggregated Procurement (REAP) Program is an innovative aggregated solar and energy storage procurement program that leverages the collective purchasing power of SPURR's.

during the course of this Procurement cycle. To help you finalize your bids the Bulk Storage RFP Team will be hosting a webinar on February 7 at 10 AM. If there are questions where you are seeking further clarification please email bulkstorerfp@coned.com and we will use those questions as.

The Federal Energy Management Program's (FEMP) Distributed Energy and Energy Procurement initiative helps federal agencies accomplish their missions through investment in lasting and reliable energy-generation projects and purchases. For more than 30 years, FEMP has helped federal agencies with.

Find RFP searches and finds Renewable energy bids, contracts, and request for proposals. Below is a sample search result showing the newly published government contracts and bids in renewable, solar and wind energy. These include government RFPs, RFTs, RFIs, RFQs in Renewable energy from federal.

Index Storage Credits (ISCs) are an innovative market-based incentive mechanism providing contracted energy storage project owners greater revenue certainty while incentivizing participation in New York's energy and capacity markets. In support of deploying additional energy storage, NYSERDA.

On July 28, 2025, Governor Kathy Hochul announced the launch of New York State's first bulk energy storage competitive solicitation. In this initial solicitation

(the 2025 “Index Storage Credit Request for Proposals,” or “ISCRFP25-1”), the New York State Energy Research and Development Authority.
