

Fire power box wall mounted mobile power tray

Overview

What are load master TM series portable power distribution boxes?

Load Master™ Series portable power distribution boxes are the first in the industry to feature outputs with adjustable current ratings to match specific application loads. These temporary power distribution boxes feature 1, 3 or 4 adjustable circuit breakers, with a range of amperage and voltage ratings.

What is a power Spider box?

Also called power spider boxes, they provide temporary power for locations without permanent electricity sources. Common applications include construction, outdoor events, emergency services, and remote work locations. Note: Product availability is real-time basis and adjusted continuously.

What is a temporary power distribution box?

These temporary power distribution boxes feature 1, 3 or 4 adjustable circuit breakers, with a range of amperage and voltage ratings. The Load Master® Series portable power distribution racks are engineered with a compact, space-saving design ideal for in-use operation, transport, and storage.

What is a powerrack TM receptacle?

PowerRACK™ distribution boxes work best for the entertainment industry, specifically: Live Event, Motion Picture, Theatre, TV/Film Production, Worship Venues, Convention Centers, Rentals. Choose from 200 or 400 amp receptacles. PowerRACK™ distribution also includes the first Listed welding storage and power distribution rack in the industry.
