

# Grid-connected inverter warranty

## Overview

---

Standard warranties range from 5 to 25 years, with most string inverter warranties covering 5 to 12 years, while microinverter warranties often last 20 to 25 years. Since microinverters are installed individually on each panel, they typically have a longer lifespan and more.

Standard warranties range from 5 to 25 years, with most string inverter warranties covering 5 to 12 years, while microinverter warranties often last 20 to 25 years. Since microinverters are installed individually on each panel, they typically have a longer lifespan and more.

As with solar panels, the available warranties and protections for solar inverters are among the most important factors to consider when comparing your options. However, sifting through pages of dense documentation can be intimidating and confusing, and warranties vary by both manufacturer and.

**Warranty Policy** It is important that Yaskawa Solectria Solar (known as “Solectria Renewables, LLC”, “Solectria Renewables”, “Solectria”, “Solectria, a Yaskawa Company” or “Yaskawa Solectria Solar”) maintains updated information about the product location. Please have the location, model, serial.
