

# How long is the warranty for lithium batteries for electric tools

## Overview

---

Lithium battery warranties typically cover defects in materials or workmanship for 2-5 years. Most exclude capacity loss, physical damage, or improper usage. Manufacturers like Tesla and LG often pro-rate warranties, reducing coverage annually.

Lithium battery warranties typically cover defects in materials or workmanship for 2-5 years. Most exclude capacity loss, physical damage, or improper usage. Manufacturers like Tesla and LG often pro-rate warranties, reducing coverage annually.

Lithium-ion Ryobi batteries come with a three-year limited warranty from the date of purchase. This is the same warranty that Ryobi provides for all of its 18V ONE + portable power tools, bench/stationary, outdoor power equipment and battery chargers. To claim the battery warranty, you'll need to.

fects in material and workmanship. Subject to certain exceptions, MILWAUKEE will repair or replace any part on an electric power tool which, after examination, is determined by MILWAUKEE to be defective in material or workmanship for a period of five (5) years\* after the date of purchase unless.

The Limited Warranty for the United States of America (including its territories) and Canada issued by Chervon North America, Inc. for its EGO outdoor power equipment, portable power, batteries, and chargers is outlined in the chart below. Please contact EGO Customer Service Toll-Free at.

Our product warranty covers our products for a standard 3-year from date of purchase (no registration required). Highlights of the program include: 30-Day Performance Guarantee: If the tool fails to perform to Metabo's manufacturing specifications, we will replace it free of charge. 3-Year Limited.

Every Makita ® Lithium-Ion Tool, Battery, Charger, MAKTRAK™ Modular Storage System, and Pneumatic Nailer is warranted to be free of defects from workmanship and materials for the period of THREE YEARS from the date of original purchase. Should any trouble develop during the three-year period.

Lithium battery warranties typically cover defects in materials or workmanship for

2-5 years. Most exclude capacity loss, physical damage, or improper usage. Manufacturers like Tesla and LG often pro-rate warranties, reducing coverage annually. Always check cycle count limits and storage conditions.
