

Kenya mobile energy storage power supplier

Overview

Nairobi, Tuesday, July 29, 2025: The Kenya Electricity Generating Company PLC (KenGen), has commissioned a new Battery Energy Storage System (BESS) to supply uninterrupted renewable power to its modular data center, marking a new frontier in Kenya's long-term green energy.

Nairobi, Tuesday, July 29, 2025: The Kenya Electricity Generating Company PLC (KenGen), has commissioned a new Battery Energy Storage System (BESS) to supply uninterrupted renewable power to its modular data center, marking a new frontier in Kenya's long-term green energy.

Nairobi, Tuesday, July 29, 2025: The Kenya Electricity Generating Company PLC (KenGen), has commissioned a new Battery Energy Storage System (BESS) to supply uninterrupted renewable power to its modular data center, marking a new frontier in Kenya's long-term green energy strategy. The newly.

The Kenya Electricity Generating Company (KenGen) has set up its first battery storage for electricity, marking the start of a plan for saving of excess power generated during the day and use it at night, helping avert steep power bills tied to increased use of thermal power. The 1.16 megawatt-hour.

The Kenya Electricity Generating Company PLC (KenGen) has unveiled its first-ever Battery Energy Storage System (BESS) to power its modular data centre in Nairobi. The new system marks a significant step in Kenya's transition to a low-carbon future and reinforces KenGen's commitment to reliable.

The storage system is designed to guarantee stable electricity even during periods of low grid demand, underscoring the role of battery technology in enhancing energy resilience. The initiative is part of the company's Good to Great (G2G) 2034 strategic blueprint, which targets the rollout of.

The BESS will power KenGen's modular data centre in Nairobi. The newly launched 1.16 megawatt-hour (MWh) BESS was built to supply uninterrupted renewable power to KenGen's 52-kilowatt Modular Data Centre (MDC), which houses 356 U-spaces dedicated to supporting the company's expanding digital.

The Kenya Electricity Generating Company PLC (KenGen), has been designated to

be the Implementing Agency for the Kenyan Battery Energy Storage System (BESS), which is part of the Kenya Green and Resilient Expansion of Energy (GREEN) program, funded by the World Bank. KenGen is the leading electric.
