

Latest Budapest PV module prices

Overview

Both types of monofacial PV modules tracked by the analyst—including passivated emitter rear contact (PERC) and tunnel oxide passivated contact (TOPCon)—saw average sale price remain unchanged between October and November, holding steady at €0.077/Wp and €0.098/Wp, respectively.

Both types of monofacial PV modules tracked by the analyst—including passivated emitter rear contact (PERC) and tunnel oxide passivated contact (TOPCon)—saw average sale price remain unchanged between October and November, holding steady at €0.077/Wp and €0.098/Wp, respectively.

Through detailed survey cross-survey of data from major suppliers and procurement parties, Green Energy Research is able to provide an accurate weekly report on spot prices of key PV components. Green Energy Research can also quickly produce a detailed market analysis for a VIP client, as its staff.

The updated guide to photovoltaic module prices shows the latest costs of solar panels across Europe. In August, high-efficiency modules dropped to €0.12 per watt, marking an all-time low for the sector. Prices for photovoltaic modules in 2024 continue to fall. According to the monthly index.

*Notice: Starting January 2026, prices for TOPCon high-efficiency modules (640W and above) will be newly included in weekly price updates. Polysilicon No transactions have been concluded at new InfoLink's polysilicon price quotes exclude additional costs from special specifications or requirements.

Every month we publish a current price index on the development of wholesale prices of solar modules. In doing so, we differentiate between the main technologies available on the market. Since 2009, pvXchange has provided a unique price index for the European market, which has become an invaluable.

JSW MG Motor India will raise vehicle prices by up to 2% from January 1, 2026, citing rising input costs and macroeconomic factors. The hike will vary by model and variant. Luxury carmakers Mercedes-Benz India and BMW have also announced price increases starting next month. Markets experienced.

The average price of several types of solar PV modules remained stable in Europe

in November, matching consistency in the overall buyers' confidence in the European solar sector. These are the conclusions to be drawn from sun.store's latest pv.index report, covering buying trends and market. How much does a photovoltaic module cost?

Mainstream Modules: Average price of €0.11/Wp, stable compared to September but 21.4% lower than January 2024. Low-Cost Modules: Average price of €0.065/Wp, a 7.1% decrease from September and 27.8% from January 2024. These trends are exerting mounting pressure on the photovoltaic sector.

How much does a module cost in 2024?

High-Efficiency Modules: Average price of €0.14/Wp, down 6.7% from September 2024 and 39.1% from January 2024. Mainstream Modules: Average price of €0.11/Wp, stable compared to September but 21.4% lower than January 2024. Low-Cost Modules: Average price of €0.065/Wp, a 7.1% decrease from September and 27.8% from January 2024.

Are low-cost photovoltaic modules escaping the price war?

The company recorded price reductions of around 4%, with only low-cost photovoltaic modules escaping the trend. Specifically, in August 2025, the Price Index showed: about €0.055/Wp for low-cost photovoltaic modules, unchanged from July prices. "Manufacturers are moving quickly to end the devastating price war.

Why are module prices falling in December?

With insufficient annual orders, module manufacturers face widespread order scarcity. To mitigate inventory risks, the supply side has implemented significant production cuts. Current spot prices of modules have fallen further to RMB 0.65–0.68/W. Demand in December is expected to weaken further.

Latest Budapest PV module prices

LATEST BUDAPEST PV MODULE PRICES

Analysts anticipate continued choppy price action, with key support at 25,700 and resistance around 25,950-26,050. Several companies, including Ola Electric, Vedanta, and ...

[European solar PV module prices stabilise in November](#)

The average price of several types of solar PV modules remained stable in Europe in November, matching consistency in the overall buyers' confidence in the European solar ...

Photovoltaic Price Index

Every month we publish a current price index on the development of wholesale prices of solar modules. In doing so, we differentiate between the main technologies available on the market.

Solar Photovoltaic Prices, PV modules, PV glass, PV cells, PV ...

SMM brings you current solar photovoltaic equipment or material prices and historical price charts such as polysilicon prices, silicon wafer prices, battery cell prices, module prices, silicon ...

[Photovoltaic Module Prices 2025: Updated Data](#)

The updated guide to photovoltaic module prices shows the latest costs of solar panels across Europe. In August, high-efficiency modules dropped to EUR0.12 per watt, marking ...

Solar price trend

With the historical contract price information in our database and capability of conducting fast and in-depth market analysis, EnergyTrend is equipped to provide both price trend and market ...

PV spot price

InfoLink Consulting provides weekly updates on PV spot prices, covering module price, cell price, wafer price, and polysilicon price. Learn about photovoltaic panel price trends ...

[PV Index - module prices climb as inverters dip](#)

Rising prices for P-type and Full Black modules, driven by diminishing inventories, suggest supply constraints will linger into Q3, especially as global demand intensifies.

PV Price Trends , TrendForce

The market is currently in the seasonal off-peak period, and the module segment has failed to follow upstream price increases. Therefore, acceptance of price hikes in ...

Photovoltaic Price Index

Every month we publish a current price index on the development of wholesale prices of solar modules. In doing so, we differentiate between ...

PV Price Trends , TrendForce

The market is currently in the seasonal off-peak period, and the module segment has failed to follow upstream price increases. ...

[Photovoltaic Module Prices 2025: Updated Data](#)

The updated guide to photovoltaic module prices shows the latest costs of solar panels across Europe. In August, high-efficiency ...

Solar (photovoltaic) panel prices

IRENA presents solar photovoltaic module prices for a number of different technologies. Here we use the average yearly price for technologies 'Thin film a-Si/u-Si or ...
