

Lcmsms uninterruptible power supply

BMS Wiring Diagram

Overview

The M90S online UPS packs a scalable, modular, configurable uninterruptible power supply for continuous power availability, and unity output power factor (kVA = kW) for high density laboratory applications.

The M90S online UPS packs a scalable, modular, configurable uninterruptible power supply for continuous power availability, and unity output power factor (kVA = kW) for high density laboratory applications.

If your local area is susceptible to corrupted power or power disruptions, install a UPS in your laboratory. For compliance and safety, make sure that your UPS devices are certified by recognized domestic and international organizations (for example, UL, CSA, TÜV, and VDE). If your local area is.

Battery Backup Power, Inc. has been providing UPS (uninterruptible power supply) systems for lab instruments for the last decade. These systems are specifically designed to electrically protect the instrument as well as provide seamless backup power to the instrument when the utility company fails.

The M90S uses 6kVA modules that can be configured as 6, 12, 18 or 24 kVA. 2, 4 & 6 slot UPS & battery enclosures are available. Standard internal maintenance bypass and optional receptacle panels that support a wide range of high and low voltage receptacles. The advantage of this UPS for laboratory.

The battery backup uninterruptible power supply (UPS) and power conditioner for use with AB SCIEX QTRAP 6500 LC/MS/MS System For Applied Markets Applications (Catalog #4465959) with surge protector automatically provides defense against power problems. Give your lab instruments longer life while.

Battery Backup Power, Inc. laboratory uninterruptible power supply systems (LPS/LPPS/UPS) deliver constant, pure sine wave power to laboratory and research instruments. To receive a quote for the Battery Backup Uninterruptible Power Supply (UPS) And Power Conditioner For Agilent 6490A QQQ LC/MS.

The battery backup uninterruptible power supply (UPS) and power conditioner for use with AB SCIEX Triple Quad 5500 LC/MS/MS System For Applied Market Applications (Catalog #4411248)with surge protector automatically provides

defense against power problems. Give your lab instruments longer life.

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled
