Primroot.com is a leading-edge professional solar panels & inverter manufacturer based in the high-tech hub of Shenzhen, China. Fueled by the creative spirit and expertise of our world-class research and development team, we are at the forefront of the Photovoltaic (PV) and inverter industry.

Managua, Nicaragua is a great location for generating solar energy throughout the year. This is due to its tropical climate which provides consistent sunlight most of the year. The city experiences more wet and dry seasons rather than drastic changes in temperature, which makes it ideal for solar.

TECNOSOL is a leading renewable energy company in Central America, specializing in the engineering, supply, and installation of photovoltaic solar systems, energy storage, and energy efficiency. We operate in Nicaragua, Honduras, and Panama, promoting a cleaner and more sustainable future. Company.
