

Nairobi Industrial Frequency Off-solar container grid inverter Merchant

Overview

At Solar Kenya 2025, Hinen planned to exhibit the N11000S Off-Grid Inverter and other hybrid solutions from June 26–28 at booth 133, KICC, Nairobi. Hinen is about to showcase inverter features enabling ripple reduction, 66 kW scalability, and battery-free use at Solar.

48V Battery System Compatibility: Designed for efficient integration with substantial 48V battery banks (compatible with lead-acid and lithium-ion options), offering extended backup power during prolonged outages experienced in Nairobi. High 200A Battery Charger: Enables rapid and efficient.

PowerAll provides Solis inverters which are globally trusted, efficient, and designed for Kenya's energy needs. From homes to large industries, we have the right solution. PowerAll partners with Solis, the world's 3rd largest PV inverter manufacturer, to deliver cutting-edge solutions. Our.

From June 26–28, 2025, Hinen will be showcasing its innovative N11000S Off-Grid

Inverter at the highly anticipated Solar Kenya 2025 event, held at the KICC in Nairobi. This trade fair marks a significant opportunity for industry professionals to connect with energy leaders across East and Central.
