Premium lead-acid batteries made in Nepal, built to match global standards and exceed customer expectations. Swastik Power Technologies Pvt. Ltd., located in Ranigunj, Butwal-17, manufactures premium lead-acid batteries designed to match top imported brands.

With over 25 years of expertise, IBEJA International is a leading provider of solar energy systems, heat pumps, battery backups, kitchen chimneys, and eco-friendly flooring. We import and distribute high-quality products from internationally recognized brands, tailored for Nepal's unique geography.

If you're searching for the best solar tubular battery in Nepal, look no further than Myoko India Pvt. Ltd., one of India's leading battery manufacturers, exporters, and OEM suppliers. Known for delivering long-lasting and efficient energy storage solutions, Myoko's solar tubular batteries are.

Established in 1989, Asian Batteries is a trusted name in modern power solutions. Headquartered in Kathmandu, we combine global knowledge from Korea, China, Japan, and India with state-of-the-art facilities to develop high-performance batteries for industrial, commercial, and residential use.

Solar battery is a battery that stores energy from a solar PV system. The system's panels absorb energy from the sun and convert it to electricity which then passes through the inverter for your home to use. A solar battery simply stores the energy generated by the solar panels in your energy.

Introducing extended-life LiFePO4 batteries for residential use. Zero emissions and carbon footprint. Solar energy is 100% renewable and helps combat climate change. Significant reduction in electricity bills. Most systems pay for themselves within 4-6 years. Generate your own power and reduce.

We provide the very best & high quality solar batteries at the best price in Nepal.

We provide the finest quality Solar Tubular Batteries and Deep cycle lead acid batteries. Solar battery is an important addition to your solar power system since it allows you to store surplus energy that you may.
