## New Zealand solar power station generator unit price

### [Refresh powerBI data with additional column](#)

I have built a powerBI dashboard with data source from Datalake Gen2. I am trying to add new column into my original data source. How to refresh from PowerBI side without ...

### url

I was searching on this link before finding this answer. I did not find the solution in the link because I was looking for "newline" or "new line" instead of "line feed".

### [What is the 'new' keyword in JavaScript?](#)

The new keyword in JavaScript can be quite confusing when it is first encountered, as people tend to think that JavaScript is not an object-oriented programming language. What is it? What ...

### git

To add a new remote, use the git remote add command on the terminal, in the directory your repository is stored at. The git remote set-url command changes an existing remote repository ...

## JavaScript New Date ()

new Date()  
new Date(milliseconds)  
new Date(dateString)  
new Date(year, month, day [, hour, minute, second, millisecond ])  
This means that in your constructor, when you pass ...

## html

0 The target attribute of a link forces the browser to open the destination page in a new browser window. Using \_blank as a target value will spawn a new window every time ...

## [Difference between 'new operator' and 'operator new'?](#)

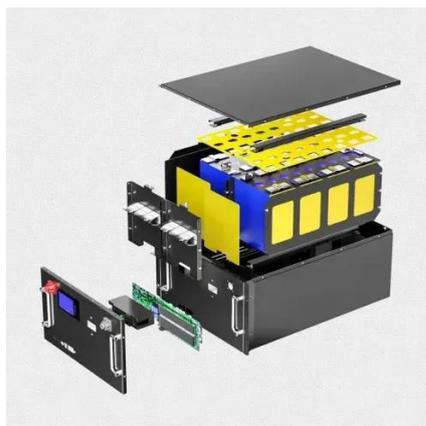

A new expression is the whole phrase that begins with new. So what do you call just the "new" part of it? If it's wrong to call that the new operator, then we should not call ...

## c#

I have a linq query var x = (from t in types select t).GroupBy(g => g.Type) which groups objects by their type, as a result I want to have single new object containing all of the ...

### [When to use "new" and when not to, in C++?](#)

You should use new when you wish an object to remain in existence until you delete it. If you do not use new then the object will be destroyed when it goes out of scope.

### **CSS**

This is to show new line and return carriage in HTML. Then you don't need to do it explicitly. You can do it in CSS by setting the white-space attribute pre-line value.
