

Nine Energy Storage Power RV

Overview

Is ninedot energy a powerhouse?

Ten years into its mission to green New York City's fossil fuel-dependent power mix, community-scale battery storage developer NineDot Energy is itself a powerhouse, having secured US\$65 million in financing from First Citizens Bank.

What can ninedot energy do for You?

We are also working to enable vehicle-to-grid (V2G) and solar capabilities alongside our battery storage sites. NineDot Energy's name derives from the classic mathematical puzzle for sparking out-of-the-box solutions. With this kind of thinking, we bring multi-faceted capabilities to our business partners, investors and customers.

Will ninedot buy 100 megawatts of batteries?

The money will support NineDot's purchase of nearly 100 megawatts of batteries, which it plans to deploy in up to 20 battery-storage projects across the Big Apple, the bank and the company wrote in a joint press release.
