

# Serbia rooftop waterproof energy storage project

## Overview

---

Turkish renewable energy producer Fortis Energy has obtained a construction permit for a 270 MW solar project combined with a 72 MWh battery energy storage system in Serbia. The project will be located south of the Sava River near the village of Drenovac, northwestern Serbia.

Turkish renewable energy producer Fortis Energy has obtained a construction permit for a 270 MW solar project combined with a 72 MWh battery energy storage system in Serbia. The project will be located south of the Sava River near the village of Drenovac, northwestern Serbia.

Fortis Energy is reinforcing its presence in Southeast Europe's renewable energy market with the development of the 110 MWp Erdevik Solar Power Plant, featuring an integrated 31.2 MWh Battery Energy Storage System (BESS) in Šid, Serbia. This hybrid solar and storage project represents a strategic.

CWP Europe has completed and commissioned a 6 MW rooftop solar installation at Henkel Serbia's Krusevac facility. The project, developed in partnership with Resalta and financed by UniCredit Bank, was delivered under an ESCO model, with CWP Europe serving as the principal investor. The system is.

Fortis Energy plans to begin work on the 270MW PV/72MWh BESS project in Q2 2026. Image: Fortis Energy. Fortis Energy has secured a construction permit for a 270MW PV plant combined with a 72MWh battery energy storage system (BESS) in Serbia. The Turkish renewable energy company said that once.

Türkiye's Fortis Energy has secured a construction permit for 270 MW of solar alongside 72 MWh of battery energy storage to be built in northwestern Serbia. Construction is scheduled to begin during the second quarter of next year. Turkish renewable energy producer Fortis Energy has obtained a.

Serbia has launched its ambitious 2025 Solar Initiative, aiming to install 300,000 solar panels on rooftops nationwide by the end of the year. This marks a significant push to increase the share of renewable energy in the country's electricity mix and reduce its dependency on fossil fuels. Unveiled.

CMS Belgrade has advised UGT Renewables, a US-based solar energy and storage

developer, on a strategic partnership for the development and construction of solar power plants and Serbia's transmission system operator Elektromreža Srbije received two grid connection applications for battery energy.
