

Southern Europe container generator manufacturers

Overview

We use only the highest quality engines and alternators, including brands like Cummins, Scania, MTU, CAT, MWM, Ford Engine, Volvo, FPT, Yanmar and Kubota.

We use only the highest quality engines and alternators, including brands like Cummins, Scania, MTU, CAT, MWM, Ford Engine, Volvo, FPT, Yanmar and Kubota.

At CPS, we specialise in offering high-quality bespoke containerised generator sets ranging from 110kW to 3.5MW for Diesel, LPG, CHP, and NG Gas applications. Our containerised solutions are designed to provide optimal performance across various site conditions, ensuring excellent reliability for.

Lindenberg specializes in the production of soundproof enclosures, containers, and machinery housings. The structures are designed for the installation of power generators, pump units, and machinery equipment. The containers/housings are designed and manufactured in ISO standard sizes of 20" and.

Jenbacher offers containerized generator sets based on our Type 2, 3, 4, and 6 gas engines. Leveraging the expertise acquired during several decades with more than 3,000 containerized units delivered, our genset containers offer optimal performance in various site conditions. By maintaining.

A complete backup power system built into a robust steel container – for permanent or temporary installation. For extra space and protection for your backup power system, choose a containerised generator. Our weatherproof containerised units can be customised with sound and thermal insulation to.

They are built to house and soundproof gen-sets and other industrial equipment, such as motor pumps, compressors, etc. They have building features similar to shipping containers, making them particularly strong and suitable for road and railway transportation, vessel and air freight. They have.

ELCOS offers the possibility of installing power generators inside CONTAINERS Iso Range 20/20HC' – 30/30HC' – 40/40 HC' according to the customer's requirements. All the CONTAINERS can be silenced up to 50 dB (A) @ 7m. On request, it is also possible to provide the RINA certification. Moreover.
