.

We have 39 pcs in stock. One of the largest capacitors available on the market today: at 100 Farads, they don't get much bigger than this. In fact, this surprisingly compact capacitor exceeds the capacitance that would be produced were you to split the entire Earth down the middle and separate the.

Supercapacitors, also known as ultracapacitors, represent a cutting-edge advancement in energy storage technology. Unlike traditional batteries that rely on chemical reactions, a 100 farad supercapacitor stores energy electrostatically through ion adsorption at the electrode-electrolyte interface.

Shop high-quality 100 farad capacitors for various applications. Find reliable energy storage solutions from trusted suppliers. Bulk orders and OEM available.

The PoiLee 3 Pcs Super Capacitor is a 2.7-volt supercapacitor with a capacitance of 100 farads. It is a 3-piece set designed as a backup power source for electric circuitry and equipment. The most common devices and circuits that use the PoiLee supercapacitor are RAM, motor drives. No products.
