

Ukrainian EK solar glass

Overview

How will novasklo impact Ukraine's glass industry?

Currently, Ukraine is entirely dependent on imported glass. NovaSklo will reduce reliance on foreign suppliers, making the domestic market more resilient and competitive,” emphasized Olga Batova, CEO of investment company EFI Group.

Will Ukraine build its first float glass plant in Kyiv by 2028?

Ukraine is set to build its first float glass manufacturing plant in the Kyiv region by 2028. Investors from NovaSklo, alongside representatives from the Ministry of Economy of Ukraine and the government investment office UkraineInvest, officially announced the project’s launch today.

What is Goldbeck Solar investment Ukraine GmbH?

The establishment of GOLDBECK SOLAR Investment Ukraine GmbH is a joint effort aimed at supporting Ukraine’s domestic electricity generation with the goal of developing up to 500 MWp of new renewable energy production facilities.

What will novasklo do for Ukraine?

NovaSklo will be the first plant in Ukraine capable of meeting demand while delivering products to international quality standards. Our facility will unlock the full growth potential of the country’s glass industry. Our partners are global leaders in production line design, energy-efficient technologies, and workforce training.
