For the 2025 holiday season, eligible items purchased between November 1 and December 31, 2025 can be returned until January 31, 2026. We work hard to protect your security and privacy. Our payment security system encrypts your information during transmission. We don't share your credit card.

The Sante Battery C12-100 is a high-performance, reliable power solution designed for energy storage and backup power needs. This 12V battery delivers excellent performance and durability, making it perfect for a range of applications, including UPS systems, solar energy storage, and emergency.

An uninterruptible power supply, also uninterruptible power source, UPS or battery/flywheel backup, is a continual power system. When a power source or main power fails, the UPS provides emergency power to the load. A UPS provides immediate protection from input power interruptions, by supplying.

Uninterruptible Power Supply (UPS) systems provide power to computer networks in the event of a power shortage or electrical outage so computers and other sensitive electronic equipment can be turned off properly. UPS system batteries keep systems running and help prevent data loss in the event of.
