

Vietnam Ho Chi Minh makes energy storage equipment

Overview

A consortium of five Vietnamese and international companies has proposed a major investment in an energy storage battery manufacturing facility in Ho Chi Minh City's Saigon High-Tech Park (SHTP), with a total capital commitment of \$850 million.

A consortium of five Vietnamese and international companies has proposed a major investment in an energy storage battery manufacturing facility in Ho Chi Minh City's Saigon High-Tech Park (SHTP), with a total capital commitment of \$850 million.

Hoenergy energy storage solutions reached a new milestone as Hoenergy officially signed a strategic cooperation agreement and a 100 MWh energy storage deployment framework with Vietnamese energy company AISEN, marking a major step forward in the rapidly growing Vietnam energy storage market. The.

A consortium of five international and Vietnamese companies has proposed investing in an energy storage battery plant in the Ho Chi Minh City-based Saigon High-Tech Park (SHTP), with total investment capital of \$850 million. The DCH consortium includes Dai Dung Corporation, Construction Corporation.

The real question was simpler—and harder: Could we build energy storage solutions that truly work locally, with local partners, for local users?

On December 7 in Ho Chi Minh City, that question moved one step closer to a clear answer. Hoenergy officially signed a strategic cooperation agreement and.

Hoenergy made a striking appearance with its comprehensive lineup of commercial and industrial (C&I) energy storage products and innovative solutions, underscoring its commitment to accelerating green energy deployment across Southeast Asia. In recent years, to ensure energy security and reduce.

Home - News - Consortium to Build \$850M Battery Plant in Vietnam A consortium of five Vietnamese and international companies has proposed a major investment in an energy storage battery manufacturing facility in Ho Chi Minh City's Saigon High-Tech Park (SHTP), with a total capital commitment of.

HO CHI MINH CITY, Vietnam, July 3, 2025 /PRNewswire/ -- Vietnam takes a bold step forward in its clean energy transition as the country's largest renewable energy event, Solar & Storage Live Vietnam 2025, returns to Ho Chi Minh City on 9-10 July 2025 at SKY Expo Vietnam. This free-to-attend.
