

Wellington Home solar container battery Cabinet

Overview

What are the best solar battery boxes and enclosures?

Unbound Solar offers durable solar battery boxes and enclosures that are ideal for off-grid or grid-tie with battery backup systems. Browse our selection today. Our Solar Battery Guide will help you size your battery bank properly and keep things running smoothly by ensuring a well-designed system that protects your batteries.

What is a solar battery box?

This product is perhaps more commonly called a "solar battery box" but is also referred to as a "pole mount battery box". Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

Should I add home battery storage to my solar power system?

However, adding home battery storage to a new or existing solar power system allows you to store your unused energy. This makes your solar energy setup more efficient and maximizes the benefits of your solar PV installation.
