On June 19, 2025, Pope Leo XIV made a significant visit to the Vatican Radio transmitter station located in Santa Maria di Galeria, Italy. This occasion marked a dual celebration: it was not only an opportunity for the Holy Father to express gratitude to the staff for their unwavering dedication.

Pope Leo XIV visited the Vatican's radio transmitter station in Santa Maria di Galeria, Italy, on Thursday and thanked staff for their dedicated work in communicating the Church's mission around the world. Pope Leo XIV visited the Vatican's radio transmitter station in Santa Maria di Galeria.

ROME (CNS) – Almost a year after Pope Francis set up a commission to develop a large solar-panel array on Vatican property outside of Rome, Pope Leo XIV visited the site and the Vatican Radio employees working there. The 1,060-acre site about 11 miles northwest of Rome is home to Vatican Radio's.

Energy Management Systems (EMS) play an increasingly vital role in modern

power systems, especially as energy storage solutions and distributed resources continue to expand. What are energy management systems?

The primary goals are reducing energy bills (by peak shaving), providing backup power, and.
